

NYLON WOVEN RFID TAG

Nylon woven tags are a cost-effective, durable option for fashion, workwear, and sportswear.

The matte, technical nylon surface is suited for fast fashion or industrial garments. Can be sewn into seams, collars, or labels.

Perfect for uniforms, workwear, and technical clothing, offering solid performance and smooth integration into garments.

MECHANICAL AND ENVIRONMENTAL SPECIFICATIONS

Dimensions: Custom

Weight: Depends on the dimensions

Material: Nylon

Color: Custom

Resistant to washing (4–5 cycles) and mechanical stress, these labels are ideal for applications requiring both discretion and durability, such as technical garments, high fashion, sportswear, or professional uniforms. Their thin structure also makes them compatible with automated industrial sewing processes.
