SECURITY TAG DETACHERS

Security tag detachers are professional magnetic tools designed to remove hard tags from apparel, accessories, and other retail products.

Essential at checkout points, they ensure quick and safe removal without damaging the merchandise.

Available in countertop formats, they meet various retail needs.

Our detachers offer different magnetic strengths and are compatible with most common security tags.

WHY CHOOSE OUR DETACHERS:

- Reliable and efficient
- Compatible with most magnetic hard tags
- Available in standard, high-power, and portable versions
- Designed for smooth use at point-of-sale
