

SEAL TAG UHF

Global Tag **UHF SEAL TAG** combines the security features of a conventional seal with UHF RFID technology, providing a practical solution for the identification, tracking and protection of assets, products and equipment. Its design allows secure physical attachment while enabling fast and contactless RFID reading.

It is particularly suitable for applications such as resource management, electrical inspections, inventory control, distribution and rental services, as well as maintenance and repair activities where reliable identification and traceability are required.

Different customization options are available, including custom colors, EPC and User Memory encoding, serial number engraving and additional features on request, allowing UHF SEAL TAG to be adapted to different operational and project requirements.

MAIN FEATURES:

Dimensions: 340x40x13mm

Mounting System: As cable tie

Weight: 19,5gr.

Material: High Quality ABS + steel

Color: Generally white - customizable

Class Protection: IP67

Storage Temperature: -25°C to +85°C (for any other particular request contact us)

Operating Temperature: -20°C to +80°C

Weather Ability: Very Good, including UV resistance

Delivery format: individually

Expected lifetime: Years in normal operating conditions

CHIP SPECIFICATION AVAILABLE:

	UHF 860-960MHz
Device type	Class 1 Gen 2
Air interface protocol	ISO18000-63
IC Type Available	Alien Higgs9, NXP U-Code8, NXP U-Code9 others on-request
Size Inlay	38x17mm
Read Range	Up to 3/4meters

CUSTOMIZATION OPTIONS:

Printing laser engraving: Serial UID, serial progressive number from database, randomize number from database text and Barcode or QRCode. Other customizations on request.

Silk Printing : 4-colors printing logo

Pre-Encoding: Customer specific encoding of EPC or User Memory (also from Database). Locking permanently or with password. Insert into Database TID code.

INSTALLATION MODE:

Insert the wire into the dedicated hole and tighten it

APPLICATION NOTE:

Asset management: **SEAL TAG** can be used to track and manage corporate asset even when they are outdoors or in harsh conditions. Thanks to the long tail, it can be easily applied also on big objects without possibility to remove it.

Maintenance: **SEAL TAG** is a strong tag designed to improve maintenance services with easy installation on all surface.

Cables Tracking: **SEAL TAG**, with its cable-tie form, is a great solution for the tracking of hard cables.

ORDER INFORMATION:

PRODUCT CODE: GT-SLLY -XX (xx defined type of chip required)
